## CHEMAWA ENJOYED BY EVERYONE

The Chemawa singers and dancers performed very well, as was expected. During the program on April 18, the students and staff at Wrangell Institute were kept at attention. You could tell from the applause that each and every number was enjoyed.

After the program at the Institute, Chemawa put on the same program at the high school in town. It was said that the program was even better there.

The Wrangell Institute Chorus and the Wrangell High School Chorus sang two numbers in the same group with the Chemawa Chorus. This, too, was excellent singing.

Many former Institute students traveled with the Chemawagroup. Familiar faces could be seen throughout the program. And during free hours of eating, resting and visiting many earlier acquaintances were renewed between the Chemawa Students and the students and staff of the Institute.

Wrangell students extend many appreciations to the Chemawa group for a very fine performance.

clean."

## EAGLE AWARDED FIRST PLACE

The Wrangell Eagle has been awarded a First Place Certificate from the Columbia Scholastic Press Association for 1968. Students who worked in all areas of the school paper are to be congratulated.

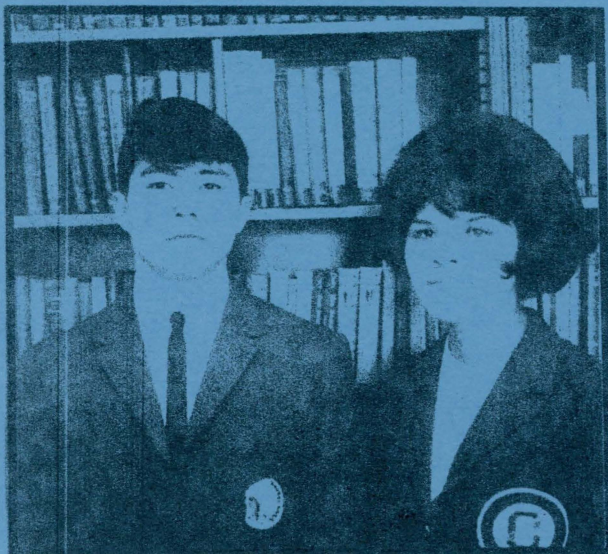

The EAGLE is submitted to the Association every year to be judged by standards that they set for elementary schools. The EAGLE has a history of three First Place Awards and one Medalist.

On the 18th of April the Wrangell High track boys came out to the Institute to have a practice track meet with the track boys of the Institute.

The Institute track team has plans for a track meet with Petersburg and the Wrangell Elementary School on the 18th of May.

On April 26th, the track boys from Wrangell Institute went to watch a track meet in Ketchikan, Alaska. They left for Ketchikan about 7:00 p.m. and arrived there around 1:00 a.m.

The teams that participated were Petersburg, Wrangell, and Ketchikan.

The track meet started around 11:30 a.m. The things they did at the meet were broad jump, high jump, one and two mile run the 880 relay, and pole vault. They also threw the discus and the shotput.

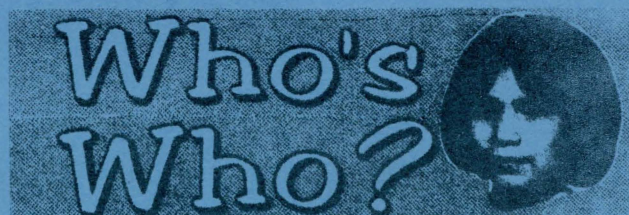

The winning team was Petersburg. Wrangell was next, and last was Ketchikan.

All of the boys enjoyed the trip and the track meet was interesting.

### THE BOYS ARE RUNNING TRACK

The boys on campus are running again. They are getting ready for track. They run every day after school. Some of the boys run the loop and some run to the airport and back for speed. Let us hope that they do well in track. ....Levi Kowunna

Anna Willis

The boy for the last issue of the paper this year has brown hair and eyes. You saw his picture in last month's paper. Even though there were pictures of 19 other boys in that issue, he was one of the happy ones.

His home is not too far from one of Alaska's larger cities. He has a sister here and one at Chemawa.

WHO IS HE????

It should not be too hard for you to guess the girl for this month. She seems to be friendly with everyone, but maybe her best friend is R.M. She is in the A-V Club and is also a reporter for the school paper. She has rather short hair.

She comes from the far north and is going to Mt. Edgecumbe next year.

WHO IS SHE????

Chemawa Singers & Dancers  
Chemawa Boarding School  
Chemawa, Oregon

Dear Students,

We are writing to you to tell you how much we appreciated your program. The dancers in their colorful costumes were really good, especially the hoop dancer. That was really tricky getting all those hoops twisted around.

All the dancers were good. The chorus was good too. They sang very well.

We want to thank you for coming to Wrangell to show your program. It was really wonderful. I met some of the girls. They were real nice and friendly. They told us how nice it is at Chemawa, and said that if we go there we would probably enjoy it. I hope to go there in a couple of years.

Sincerely yours,  
Susan Jeppson  
Group 6

On April 5, 1968, Wrangell Institute was visited by Mr. Anatoly Lekanof, Tribal Education Coordinator for the Alaska Federation of Natives.

Mr. George Atlas, Area Safety Officer, visited the Institute for the entire week that began April 22, 1968.

More Chemawa: Sally Fred, Clara Van Winkle and Ina Seppilu.

THE EXILED MARTIAN by Ernie Phillips

"Well," I didn't expect to find you here," said Paddy Flynn softly. He stood very still and stared at the figure beside the low rock. The brisk wind whipped a lock of hair across his eyes. He jerked his head with a sudden impatience, tossing it back.

Slanting rays of sunlight touched the ledge briefly and were lost in the shadow of a cloud. Paddy shivered as the figure came towards him. As it got closer to him it looked like a human, but it was a Martian.

Paddy was frightened when he heard it talk in a language different from his language. He started to walk away from the Martian. But the Martian said "Please don't be afraid of me." I won't harm you. Paddy soon saw that the man was kind. He no longer was afraid of him. The Martian's name was Kor-el from Kipton in another world.

They soon got acquainted with each other. Korel told him that he was exiled from his world. Because he had disobeyed important orders from his ruler. He told about it. It started like this.

"When I was a small boy, my parents wanted me to join the Kipton Army. So I joined at the age of 13. As years passed I soon was going from one work to another. Six years later I became the commander of the Kiptonian Army.

As years passed there was peace, but one day my father spotted a flying object from another world. As it got closer to our planet, my father talked to them through the telephone. The outsiders said they were going to attack unless we surrendered without firing a shot."

That is where Korel stopped talking to Paddy, because he heard footsteps coming towards them. It was Paddy's best friend Morton Kedder. Paddy trusted him so he told Morton that he had a friend from outer space. But Morton said, "Are you Kidding? You must go to the hospital right now!"

But when he saw a figure back of Paddy, he was scared to death. "Don't be afraid," said Paddy, "He won't harm you. He is lost but exiled from his own world. He is going to tell me more.

As he went on with his story again, Paddy and Morton were sitting on rocks to listen. "But my father did not answer. Five minutes later he answered, 'Give us two days to think about it.' But the outsiders said, 'No! we'll give you only 5 hours to think about it.'

My father was worried, but he went to the Council of War, and they met before the five hours passed. They said they would defend their city. The siren blew. Korel and his men went into the rocks and went to attack while the outsiders were waiting.

But when the war started Kor-el's spaceship just watched from a distance. The outsiders were beaten badly. The war only lasted a few hours. Kipton had won, but when they returned, the king of all Kipton was mad at Kor-el because he did not fight. Korel was ashamed of himself. The Council of Justice was called and, he was exiled from his world.

So I'm right here lost. And I can't go back home." Paddy and Morton felt sorry for Kor-el. "Don't be sad, we'll try to help you somehow. If you let us go home, we'll be back in the morning.

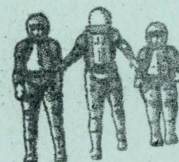

Kor-el was scared, but he said, "Yes."

Paddy and his friend Morton went home together. When they reached town, they parted, and Paddy went to his home. Mother was cooking food for supper. Paddy cried out, "Yum! What a good supper for this night." After supper Paddy went into his room and was surprised to find Kor-el standing in his room.

Paddy did not recognize him for he had changed into a human. It was his friend Roy Harding. Paddy said, "You played a trick on me. I sure thought you were Morton. Where did you get your Martian clothing?"

"From the costume store," was Roy's answer.

"Gee! What a relief. I thought I was helping a real Martian."

### GROUP 1 AND GROUP 2 GIVE READINGS

Group 1 and 2 have been memorizing readings or short stories in English class. While we were practicing our readings we had to talk loudly and clearly. We also had to do some acting with it. Some action was funny to do so we were scared to do it.

Then on April 29 and 30, Mrs. Dow had both groups. Mr. Robinson and Mr. Dow were also there listening to us. As each reading was given the students graded each other by giving Very Good, Good or Fair. Then we voted for the ten best speakers.

When the votes were counted, three people received the same numbers of votes for first place. They were Sharon Clark, Anna Willis, and Francis Patrick. The next highest votes were for Ruth Jenkins, Roy Angnaboogok, Luke Edwards, Leonard Willoya, Mike Clayton, Levi Kowunna, Ray Charles, and Margaret Igkurak. These students spoke loudly and clearly, faced the group, and had a lot of good expression and action.

Ruth Jenkins & Mary Tritt

### SUMMER SCHOOL STARTS SOON

Summer school starts May 22nd here at the Institute. Summer school ends June 28th. There are about 40 or 50 boys and girls staying here for summer school.

So far there are two trips planned for the students staying for summer school. There maybe more trips for them during the summer.

....Ray Charles

### GIRLS GET HAIR DRESSED

A hair dresser comes every Sunday and Monday afternoons. He is cutting and fixing the girls hair. The girls choose out a pattern or picture of a hairdo and shows it to the hair dresser. Then he cuts and fixes it the way they want it.

AW AL

### BAND TO MARCH

The band students will be marching sometime in the second week of May. First they will practice playing out of doors and then march on the Institute lawn.

The band will also play during the Awards Day in the Institute gym.

There are about 30 students in the band.

They hope everyone will enjoy their music.  
....Ruth Jenkins

### P. E. TEST GIVEN

For the pass three to four weeks, Mr. Daly has been giving Physical Education test to the students. These students were of Group One to Group Five. The test were as follows: push-ups, sit-ups, squat-thrusts per number to these exercise a minute. There was also running, jumping, and throwing. These you must pass a certain time and length to pass.

Most students passed, but a few did not. Those who didn't tried their best, but did not succeed.

....Roy Angnaboogak

### HOW MY THOUGHTS CHANGED

When we first came to Wrangell Institute I was kind of homesick and wanted to go home. But when I met lots of friends, I didn't think about home and about my family. I have met lots of friends from different places. They sure are fun to be with. We walk around and play outside and play volleyball and sometimes we play basketball and other things.

At the dorm we work on Saturdays and on Saturday nights we go to the dance. My friend Fannie and I didn't know how to dance but one of our friends, Emma Small, taught us a little. It is fun to dance.

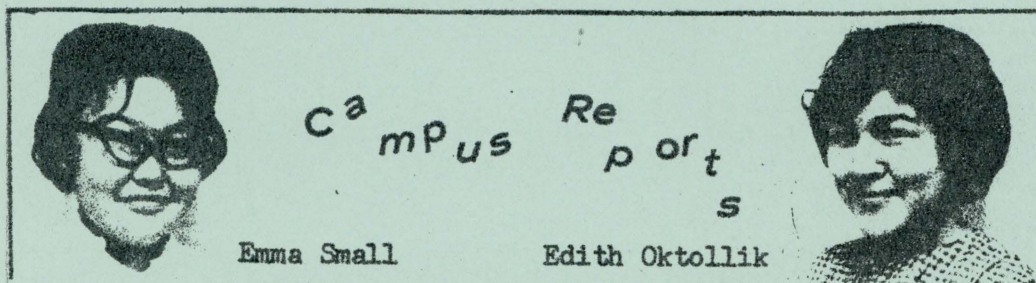

We go to church on Sunday mornings. We sometimes go to church in town. We see lots of different people down town.

On Mondays we go back to school like we are today. And you know what? We are going home this month, but I don't want to leave my friends...

....Elizabeth Cleveland

Wrangell Eagle, May 1968

The secretaries, Mrs. Greinier and Miss White will attend an inservice training in Juneau. They will leave May 6th. Mrs. Walker and Mr. Fisher are leaving for Anchorage in May also.

Mr. Atlas, the Area Safety Officer, is visiting the school for one week. He is talking to children about safety. The teachers and employees are being instructed on safety too.

The X-ray technician is here X-raying the students and staff.

Dr. Brand will be here May 5th to see some of the students and give physical examinations.

The dentist has just left after spending several weeks at the Institute. Some children's teeth were replaced with false ones. Students had cavities filled too. There were 600 fillings and 126 extractions.

Julia Savol has had an operation and had her appendix removed. It is hoped that she is doing well in the hospital.

Mr. Heflebower and Mr. Winslow are resigning sometimes during the month of May.

In social studies, Group 3 studied about the Near East. A couple from Afghanistan spoke to them. The woman was Mr. Vallarma's niece, Madeline Davies, who worked for the Peace Corps in Afghanistan. The man Blair Brainard came from Chicago. He told about school in Afghanistan. Boys and girls do not go to school together. Madeline and Blair got married in town last week.

For social studies in Group 1, Lawrence Juneby is making charts on Colonial furnishing and Russel Akers on the Monroe Doctrine.

In the science classes students have been experimenting with a baby seal. After the experiments, some of the boys made a frame for drying the skin. Pictures were made of the boys and the skin. The boys were Herbert McIntyre, Arthur Condardy, Roy Matsuno, Danny Amarok and Tommy Amaktolik.
